

# Your company could be part of Creating life-changing opportunities with the Surrey Care Trust

Surrey  
Care Trust  
changing lives

## Support our work with your charitable giving

You may find it rewarding to make a commitment to a particular area of our work. We can also promise that if you make a general donation, it will be used where it is needed most.

Pictured top right is Liza Kearney from Vifor Pharma meeting Craig at our STEPS learning centre for young people in Woking.

## Encourage volunteering

Your employees could enhance our work by volunteering on an occasional or a regular basis. Pictured centre right is a team from Barclays, refurbishing our Swingbridge Community Boat.

## Host events and visits

Do you have space and venues we could use for occasions such as our AGM or for fundraising events? A number of companies have hosted visits from young people on our learning programmes to give them a taste of the world of work.

Pictured bottom right, young people visiting the Rutland Group's Dunsfold Park Aerodrome.

## Join our Crisis Grants Fund and give an immediate helping hand to local people facing hardship

Several community-minded Surrey companies give generously to support the Crisis Grants we provide for families and individuals facing hardship in communities across Surrey.

Our business supporters provide a substantial proportion of these much-needed funds. To give you an idea of the level of commitment, most companies who join our Crisis Grants Fund donate around £2,500 a year (once Gift Aid has been reclaimed, the cost is £2,000).

Companies who currently support Crisis Grants are Stihl, Vifor Pharma, Belron International, Energysys, Dolphin Head Group Holdings, Prelude Properties, Unum and VT Careers Management.

**CAN YOU HELP?** We are always looking for supporters from the business community to support this area of our work. The demand for this very direct assistance, which is given in response to requests from professionals such as social workers and health visitors, increases every year.

## Support and sponsor our events

Sponsorship of our fundraising events contributes enormously to their success. Events in recent years have included dinners at the House of Commons and House of Lords, the STEPS Across Surrey marathon walks, our Simply Silver Ball at Wentworth, our Golf Days at Merrist Wood, Hindhead and West Surrey and our Ladies Do Lunches.

We held our second Wear Something Wacky Week in 2010 and are asking businesses to hold wacky dress down days throughout the year, a Wear a Wacky Tie, a Dotty Day or a Wear Your Wellies to Work Day!

## Sponsor one of our publications

Our Annual Review, published once a year, gives a comprehensive picture of our work. We also publish a Trust Matters newsletter.

Sponsorship of our publications helps us keep our costs down and puts your name in front of our supporters and partners.

## Take part in a sporting event

We have places available for the British 10k in 2010 and the London Marathon in 2011. Our own marathon of a walk through the Surrey countryside, the STEPS Across Surrey Trek, is on Saturday September 25th 2010.
