

SMILES AHEAD

The *Changing Young Lives Appeal* is raising money to support the work of the Surrey Care Trust's learning centres.

Our centres provide an alternative education programme for young people who struggled in mainstream school.

Their schools have despaired of gaining their trust and helping them overcome the problems that lie behind their challenging behaviour.

So why do we make a difference? Because we are able to give high levels of one-to-one support and encouragement in a small-scale environment, raising aspirations, nurturing self-belief and building skills.

Why does this matter? Because these young people deserve brighter futures in which they make something of their talents, realise their hopes and dreams and give back to society, rather than drifting into lives of unfulfilled potential and dependency.

Why do we need your support? Because the special help and attention we provide requires a lot of resources and money.

Why are there so many smiling faces? Because these pictures were taken at our end-of-term awards presentation and young people who have often been the centre of attention for being a "problem" found themselves in the spotlight for being a success.

Help us to continue that success, to offer life-changing opportunities and brighter futures and to put smiles on more young faces. THANK YOU
