Surrey
Care Trust
changing lives

WSWW 2010 is raising
money for our STEPS
education work with
young people and the
Swingbridge Community
Boats.

STEPS and Swingbridge
are part of Surrey Care
Trust, a local charity
helping people overcome
the disadvantage of low
achievement and
transform their lives by
gaining new skills.

● Just a little touch of wackiness – an outrageous tie, colourful shoes, some silly earrings – is all it takes to join in this fashion week with a difference! ● Wearing jeans instead of a suit may be wacky enough for you, or roll out the fancy dress and make a real wacky fashion parade of it! ● Choose one day in **WEAR SOMETHING WACKY WEEK** and round up your work colleagues or even have a **Wacky Wear** party at home! ● Everyone makes a donation to take part.

The Surrey Care Trust's STEPS learning centres provide education for young people who have struggled in mainstream school and with other challenges in their lives. We give them a second chance to discover their talents and start to realise their potential.

Our Swingbridge Community Boats run a volunteering scheme and give people opportunities to learn new skills while carrying out valuable environmental work along local waterways.
